

Bridgewater Dome Roster Policy for COED Recreational Leagues

1. Roster Limits:

- A player may be rostered on a maximum of **two teams** within the COED Recreational League.
- If a player is requested to play for a **third team** they are not rostered on, they must obtain **prior approval from league management** before participating.

2. Unrostered Player Policy:

- Players who are not rostered on a team but are asked to play must pay a **\$15 fee per game**.
- This fee must be paid **before the player steps onto the field**.
- The \$15 payment will be credited to the team they are playing for that evening.
- This rule applies to **every game** the player participates in for a team they are not rostered on.

3. Registration Requirements:

- All players must be officially registered for their respective teams through the **team leader roster on EZ Facility**.
- Before each game, the referee will verify the roster. Any player not listed on the roster must visit the office to pay the **\$15 unrostered player fee** before being allowed to play.

Failure to comply with these rules may result in the player being ineligible to participate in the game or session. Bridgewater Dome management reserves the right to enforce these policies to ensure fair play and proper team registration.
