From: PA Classics Tournament Director

RE: The PA Classics Winter College Showcase

Student Name: \_\_\_\_\_

Dates of Absence: \_\_\_\_\_

On behalf of Pennsylvania Classics AC (PAC), I would ask for the release of the above listed student(s) from school to travel to, and participate in, the 2025 PA Classics Winter College Showcase held on December 06/07 (Boys) and December 13/14 (Girls).

PAC recognizes the importance of student education and their ability to progress through in-person learning, along with the effect absence from classes can have. The above listed student(s) does recognize and acknowledge their personal accountability for missed work and assignments including the rescheduling of testing or exams.

A College Showcase event does offer the student-athlete a potential benefit for future academic opportunities as they are scouted and evaluated for collegiate positions. To be present and properly prepared, these student-athletes may need to miss a school day for travel which can be extensive given the event locale in the Lancaster County area of Pennsylvania.

We appreciate your consideration of this request and subsequent permission to allow the student to miss academic time for this athletic opportunity. Should you have any questions regarding the event you are encouraged to directly contact the PA Classics Winter College Showcase.

Thank you,

*Michael Henning*
