Protecting Young Victims from Sexual Abuse

Mandatory Reporting Policy

On February 14, 2018, the Protecting Young Victims from Sexual Abuse and Safe Sport Authorization Act of 2017 was signed into law. The bill amends the Victims of Child Abuse Act of 1990 to extend the duty to report suspected child abuse, including sexual abuse, within 24 hours to all adults who are authorized to interact with minor or amateur athletes by a national governing body, a member of a national governing body, or an amateur sports organization that participates in interstate or international amateur athletic competition. For more information on the bill please go to https://www.govtrack.us/congress/bills/115/s534. To comply with this law all of Westside Soccer Club's board members, administrators, coaches and volunteers complete SafeSport training. SafeSport's website is https://safesport.org/training. Note, ALL athletes turning 18 during the Fall season must also complete the SafeSport training. Please refer to our website's Coaches tab for instructions. Also, if you are a parent looking for resources on keeping your athlete safe, you can access Parent Training at no cost by creating an account at http://www.athletesafety.org, add the parent training to your bag, and you'll be able to access the training. The Parent's Guide to Misconduct in Sport is designed for the parents of athletes of all ages. This course explains the issues of misconduct in sport and helps parents ensure their children have a positive and safe sport experience.

If you suspect abuse please email abuse@westsidesoccerclub.com for instructions.

I have read and understand the above information:

Concussion Policy and Information

A concussion is a brain injury. Concussions are caused by a bump or blow to the head and can be serious. You can't see a concussion. Signs and symptoms can appear immediately after the injury or sometimes not until days/weeks later. If your child reports any symptoms of a concussion, or if you notice symptoms, it is important to seek medical attention immediately. If your child receives a concussion, or exhibits the signs or symptoms, they will be removed from play and will NOT be allowed to return to practice/games until cleared by a medical professional.

For more information about Concussion, please visit: https://www.westsidesoccerclub.com/parent-player-information/jewelry-and-concussion-policy

Your initials/signature, on this page and on the medical waiver, confirm that you understand the concussion information.

I have read and understand the above information:

THJSL Jewelry Policy

No jewelry may be worn during play or practice.
Hair bands, if worn, must be elastic.
Other articles that may be considered by the referee to endanger either the player or other players must also be removed.
Religious and medical bracelets and necklaces are not considered "jewelry" but must be taped to the body to the satisfaction of the referee.
Taping the ear-rings is NOT an acceptable method of attempting to circumvent this policy.
Failure to obey the referee will automatically disqualify the player from participation until the referee determines the hazard has been resolved.

I have read and understand the above information:

Play up Guidelines:

- WSC does not assess talent; parents/guardians should place players appropriately.
- Playing up more than one grade is not allowed (a player advanced by one year in school based on age cannot play an additional year up).
- Playing up applies only to Pre-K through G7 players. G8 may not play up to HS Rec.
- Multiple players from a previous team requesting to play up a grade level are not guaranteed placement on the same team.
- By requesting to play up, you are prioritizing the play up request over coach/teammate requests.
- Players requesting to play up will be evenly split between teams in age group requested.
- No team will be made up of a majority of players that are playing up.
