Generate Game Sheets

The screenshot shows the 'Game Cards' web interface. At the top, a blue header bar contains the text 'Game Cards' on the left and '** Founders Cup ** 2023' on the right. Below the header, a grey bar displays 'Over 48 Founder's Cup'. The main content area includes several sections: 'Report type' with radio buttons for 'Mini' and 'Standard' (the latter is selected and circled in red); 'Display Options' with checkboxes for 'Print One Card Per Game', 'Print Two Cards Per Game', 'Show Both Team Rosters', 'Show Regular Season (non-Playoff) Games', 'Show Playoff Games', and 'Show Pin Numbers', along with a 'Game Cards Per Page' input set to '2'; 'Sorting Options' with radio buttons for 'Order by Game #', 'Order by Game Date', and 'Order by Field'; and 'Limit Search Results' with input fields for 'Game Code' and 'Print Extra Game Cards' (set to '0'). Below these is a 'Select Game Dates (optional)' section with a grid of buttons for days of the week (All, Mon, Tue, Wed, Thu, Fri, Sat, Sun) and a 'Week' button. The '6/19' date button is highlighted in yellow and circled in red. A 'Generate Game Cards' button is at the bottom right. Two red arrows point from text instructions to the interface: one from 'Click Standard button' to the 'Standard' radio button, and another from 'Check the game you want to print (round 2 games will show later if you advance)' to the '6/19' date button.
