WSA Returning Player w/ TGS Account

These instructions outline the process to register a player if your family already has previously created a TGS Account with WSA Soccer.

IMPORTANT BEFORE YOU BEGIN:

A parent can NOT share the same email as a player in the TGS system. This is due to the college recruiting connection and how the messaging works.

If your child is currently using your email address we recommend that you log in to your player's account and change their email address to their own personal email address or use an alternative email address for yourself. To log into your child's account [please use this link](#).

STEP 1 – Register Your Player to a Program

1. [Log in to the parent account here](#).
2. **Confirm** your info. Select **Parent Account**.
3. Select **My Children** on the left.
4. Select the **player's name**.
5. Select Registration Programs
6. Enter this registration code: **5380**
7. Select your **Team or Group** - choose carefully!
8. List your **requested TEAM & COACH** - type specific info for our registrars.
9. Upload your **Proof of Birth & Agree** to the Financial Commitment. If your proof of birth is not on file this is REQUIRED.
10. **Select your fee**. You will only see one option, which is the payment installment plan for your team or program.
11. Check-out.
